

Json::CharReader

```
graph BT; A[Json::OurCharReader] --> B[Json::CharReader]
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a white box labeled 'Json::OurCharReader'. A blue arrow points vertically upwards from this box to a gray box at the top labeled 'Json::CharReader'. This indicates that 'Json::OurCharReader' inherits from 'Json::CharReader'.

Json::OurCharReader
